ANCCE PARTICIPATES IN EQUISUR 2008

Once again, ANCCE had an information stand at Equisur, the Jerez Horse Show.

ANCCE attended to a crowd of breeders, owners, and enthusiasts who visited the event, which was held from May 1-4. Both the ANCCE staff and Francisco Almirón, the LG PRE ANCCE Stud Book veterinarian from Cadiz, were on hand to solve doubts and questions that arose during the event.

The President of ANCCE attended the competitions accompanied by the Treasurer, Augusto Romero, Francisco Angelet, president of the promotion and communication taskforce and Antonio Diosdado, president of the Cadiz Breeders' Association.

More than seventy people attended the traditional Friday breeders' cocktail. The 32-square meter stand was overflowing with representatives from a number of regions such as Andalusia, Valencia, Catalonia, Castilla-La Mancha and Extremadura among others.

This year, ANCCE was also on hand at Torrepacheco and Fiecvál and will travel to other venues on the calendar to inform breeders about the various aspects that interest them.
